It's easy and fun to journal your life in Zero. If you use a computer, make your journal on your computer and never lose it. If you don't, try it out on a Zee:dek. It doesn't matter, you can journal on your phone or tablet. You can even have it print out on paper and have it with you. Zero AM's simple journal entry editor Zero AM is free and ad-free so you can spend your time doing what matters most to you: getting stuff done. Save your life, memories, and ideas, then share them with others. Here's how you can use Zero: A zero is the total number of things you have accomplished today. Each zero on the Zee:dek is an entry in your journal. You can turn the Zee:dek into a countdown clock that lets you know how many days or weeks you have until a special event or an important meeting. When you see a star, post an entry to your friends or publish your journal on Facebook or Twitter to let your friends know you need a boost. Highlight your entries by using a light bulb or a pen to show you're thinking about something. Zero is open source, so you can fork the code and have your own app, like the popular diary mBS. Zero AM Features: Zero's vibrant color scheme You can choose from one of two vibrant color schemes that looks great on any background: Cool Blue Neon Blue Helpful features You can add tags to your entries so you can easily find things later You can add a category to your entries to organize your content. Tapping into a larger market: a #1 rated application in 50 countries One of the biggest features that sets Zero AM apart from most other diary apps on the App Store is the number of users it has served. Although the app has only been available for a few months, it currently has over 10,000 ratings, and it ranks #1 in 50 countries. Overall, we feel that Zero AM is a modern and ambitious diary app for iPhone and iPad. It offers an intuitive user experience, and it would be a good choice if you are looking for a diary app that fits your personality and lifestyle. Download Zero AM for free, and share your opinions on Google Play. Interesting things tend to happen every day, but we usually don't hold on to non-essential information for too long. If you keep a daily journal, however, you can save memories long after you would have forgotten them otherwise. Zero AM is an intuitive diary application that lets you write whatever seems important at the end of every day, preserving your memories for years to come. It could use some small improvements, but it is, on the whole, a well-designed piece of software. Journal application that features a straightforward design It shouldn't take long for new users to get the hang of things, as the program's UI layout is very intuitive. You can navigate through your journal using the controls at the top of the
